ACKNOWLEDGEMENT

A Project report is a reflection of practical knowledge or experience on a particular subject or topic .The project cannot be successfully completed with the help and support from various people. I would like to thank all those, who helped me in different ways and took effort in completion of my entire project work.

First of all I would like to express my special thank and gratitude towards our honourable Head of Department , Dr.Rupali Gogoi for allowing us to carry out the discussions on the project in our seminar room.

I am highly indebted to our respected Mr. Anwar Hussain sir, Associate professor, Department of Zoology, Tinsukia College for his guidance and constant supervision as well for providing all the necessary inputs regarding the project.

I would like to thank the S.D.S.O office for providing us with the valuable information on the birth and death rate of Tinsukia district of various years.

I cannot make myself away from giving thanks to my team members, Sunmani Phukan and Tinnu Sonar for their kind and active cooperation during the completion of entire project work.

Lastly but not the least I would like to express my vote of thanks and gratitude towards my parents for the financial support and help. I am also thankful to all those people who helped me directly or indirectly to complete my entire project work.
