BSc 6th Semester

Zoology major

Signature / 28/10/2020

ACKNOWLEDGEMENT

The project contains the study patterns of consumption of different types of fishes by the people of Tinsukia by the student of Department of Zoology of 6th semester during the year 2020.

It is my great pleasure to render my sincere thanks to our HOD mam Dr. Rupali Gogoi and all other professors of Department of Zoology of Tinsukia college whose efforts made it possible to bring out this report in present form. I also want to thank my group members for accompanying me in the study and help me in the making of this project.

I also render my sincere thanks to my parents who guided me with their valuable lecture with adventurous outcomes. Also I want to thank my group mates for their kind cooperation throughout the course of the entire study.

Baishali Bhowmik
