## ACKNOWLEDGEMENT

A project report is a reflection of practical knowledge or experience on a particular subject or topic. A project cannot be successfully completed without the help and support from various people. I would like to thank all those, who help me in different ways and took effort in completion of my entire project work.

First of all I would like to express my special thank and gratitude towards our honourable Head of the department, Dr. Rupali Gogoi for allowing us to carry out the project work in the departmental laboratory.

I am highly indebted to our respected Mr. Anjan Borthakur Sir, Associated professor, Department of Zoology, Tinsukia college for his guidance and constant supervision as well for providing all the necessary information regarding the project.

I would like to thank our laboratory staff Mr. Dugubir Gohain for his active cooperation and help throughout the project work.

I cannot make myself away from giving thanks to my team members, Rupankar Gohain and Rakesh Kumar Shah for their kind and active cooperation during the completion of the entire project work.

Lastly but not the least I would like to express my vote of thanks and gratitude towards my parents, brother Ajanta Moran for the financial support and help. I am also thankful to all those people who helped me directly or indirectly to complete my entire project work.
