ACKNOWLEDGEMENT

The project cannot be successfully completed without the help and support from various people.

At the very beginning I would like to acknowledge the kindness and proper guidance of our respected ma'am **Dr. Rupali Gogoi (HOD)**, Department of Zoology, Tinsukia college whose inspiration and active co-operation and guidance helped me in the successful completion of project.

Secondly, I would like to offer my thanks to our department laboratory staff Mr. Dugubir Gohain that helped us a lot during my study for the project.

I extend my thanks to my classmates also for their support and all sorts of help during the time of project working.

At last I would also like to thank all of them who directly or indirectly provided me a source of inspiration which led to the smooth completion of the project.
