ACKNOWLEDGEMENT

The success and final outcome of a project requires a lot of guidance and assistance from many people and I am extremely fortunate to have this help throughout the entire project work. Whatever I have achieved is only due to such guidance and I shall not forget to thank them.

First of all I would like to express my special thank and gratitude towards our Honourable Head of the department, Dr. Rupali Gogoi for allowing us to carry out the project in the departmental laboratory.

I would like to acknowledge the kindness and proper guidance to our respected Sir Mr. Anjan Borthakur , Associated professor, Department of Zoology , Tinsukia college whose inspiration and active cooperation and guidance helped me in the successful completion of the project.

I would like to thank to our laboratory staff Mr. Dugubir Gohain for helping me to complete my entire project work.

I extend my thank to my project mate, Minakshee Moran and Rakesh Kumar Shah for their support and cooperation during the project work.

Lastly, I would like to thank to all of them who directly or indirectly provided me all sorts of information regarding this project.
