

TINSUKIA COLLEGE

2019

PROJECT REPORT ON MICROBIOLOGY OF WATER OF SOME AREAS IN
TINSUKIA DISTRICT

A DISSERTATION AS A PART OF B.SC (MAJOR) BOTANY SYLLABUS

Physico-chemical and Microbial analysis of drinking water quality of some areas
of Tinsukia with special reference to "COLIFORM BACTERIA"

PREPARED BY:

SAURAV DEBNATH

B.SC 6th SEMESTER, 2019

ROLL NO: 22520062

REGISTRATION NO: S1626781

CERTIFICATE

This is to certify that Saurav Debnath, Student of B.Sc 6th Semester, Botany (Major) of Tinsukia College has completed his project work entitled "Physico-chemical and microbial analysis of drinking water quality of some areas of Tinsukia with special reference to Coliform Bacteria" successfully as a part of a syllabus (for the academic session 2018-19) under my guidance.

This is a bonafide record performed by him.

He is being wished with the very best of his luck for the future.

Date: 22-5-2019

PREFACE

This Project report is the combination of records of our Experimental work on microbiology of water based on botanical study. Being a student of B.Sc. 6th semester Botany (Major) of Tinsukia College we have undertaken this project report entitled "Physico-chemical and microbial analysis of drinking water quality of some areas of Tinsukia with special reference to *COLIFORM BACTERIA*", as a part of the syllabus under Dibrugarh University during the session 2018-2019. This report has been made full care following the various suggestions received from teachers. It is hoped that this report will be accepted under due consideration.

ACKNOWLEDGEMENT

It is my utmost privilege in presenting the concerned Project work report. In this regard, I would like to pay my heart-full thanks and gratitude to Dr. (Mrs.) Sanjukta Gohain Baruah, Associate Professor & H.O.D for her cordial co-operation and guidance in making the Project work a success.

I am also grateful to our Laboratory assistant Sri Manoj Moran for his valuable advice and co-operation in our project work.

It is also my duty to owe my deep sense of gratitude to all my fellow members in the project for their help and support required for the completion of our project report.

CONTENTS

SL No.	TITLE	PAGE No.
01	Introduction	01
02	Aim and objective of the project work	05
03	Materials and methods	06
	3.1 Collection of water samples	06
	3.2 Media:	
	a. Nutrient Agar medium	07
	b. Lactose Broth medium	07
	c. Eosine methylene blue	08
	d. Peptone water medium	09
	e. Glucose phosphate medium	09
	f. Koser's citrate medium	10
	3.3 Reagents	
	a. Kovac's reagent	11
	b. α -naphthol solution	11
	c. Methyl red solution	11
	d. Gram's iodine solution	11
	e. 0.02N AgNO ₃ solution	11
	3.4 Physico-chemical tests, Microbial analysis and Detection	12
	3.5 Study of Morphological and Biochemical Characters	15
04	Observation and result	
	4.1 Physico-chemical test	16
	4.2 Total microbial count	17
	4.3 Presumptive test	25
	4.4 Identification of coliform group (IMViC tests)	29
	4.5 Microbial growth	30
	4.6 Statistical analysis	31
05	Discussion	33
06	Summary	34
07	Conclusion	35
08	Bibliography/References	36
09	Photographs	38

Sample S1 petridish showing growth of microbes in EMB agar medium.

Sample S2 petridish showing growth of microbes in EMB agar medium.

Sample S3 petridish showing growth of microbes in EMB agar medium.

Sample S6 petridish showing growth of microbes in EMB agar medium.

Indole test for samples (S1, S2, S3 & S4)

Indole test for Samples (S5, S6 & S7)

Methyl red test for samples S1, S2, S3 & S4

Methyl red test for samples S5, S6 & S7

Voges-prosekur test for S1, S2, S3 & S4

Voges-prosekur test for S5, S6, & S7

Lactose broth test result of Samples S1, S2, S3 and S6 shows acid and gas formation
