

The background of the notebook cover is a photograph. It shows a thick, light-brown stem of a medicinal plant, possibly a root, with a rough, textured bark. The stem is cut into several pieces, and a large pile of fine, reddish-brown powder is visible in the foreground. The notebook has a silver spiral binding on the left side.

# CERTIFICATE

This certificate is a bonafide work performed by **SOMDEB SAHANI** to certify that the project work entitled "**The study of medicinal plants of Tinsukia Town and its vicinity of Tinsukia District, Assam**" bearing Roll No. – 1652005 6 Regn. No. – S1744190 a major student of Botany of **B.Sc. 6<sup>th</sup> Semester**, Tinsukia College is his own work and has been in the light of my supervision. The particular student not only completed the project work successfully as a part of the syllabus as prescribed by the Dibrugarh University (for academic session 2020) under my keen guidance but has also gained extensive interest for the medicinal values of indigenous plants. He has followed all my instruction and also took interest for the completion of the project with him utmost sincerity.

I therefore wish him all the very best for his coming future and hope that he could excel in his life in all fields of academic performances. It is recommended that this project report is to be placed before the examiner for evaluation.
