*No doubt the syllabus was very well designed but the time given was very little. If you guys want to make a student learn something about the subject than ~~it~~ <sup>it</sup> might be allotted with a certain amount of time required to complete the syllabus. You can't decide a student's capacity & adaptability by making him learn a 6 months semester in 2 months. Kindly please look into the matter and try to make sure that the time allotted for a student to learn should be ~~as~~ <sup>scope up</sup> adequate enough and should ~~be~~ <sup>be</sup> ~~with the syllabus~~ <sup>with the syllabus</sup>. I hope the concerned authorities will look into the matter and try to reduce the syllabus or give ample amount of time.*
