Nice

Encouragement towards self-learning is helpful. Use better graphics and visual media to engage students well. More focus should be on practical.

No need

1. Improving regular class.
2. Improve the timing of classes as students'are not coming on time.

My experience are very good my college is best college for learning

Question given to practice

- 1) explain topics in little deep,n sometimes with life example.
- 2)updates about new technologies n ideas of startup to motive n growth of us.
- 3)if I am wrong you can came and check our colleges.....n yes one of external should be sent every year or in 6 six months to conduct n exam to check students knowledge in every colleges specially in government one's.Thank you.

Providing facilities.

1. Need Internet Connection as a BCA student
2. Cleanliness of classroom and toilet
3. Books of library should be issued to Us BCA Student

I am satisfy with my institution

- 1) Department should manage a good computer lab ASAP
- 2) Teacher are very helpful
- 3) Good in discipline

1. Teachers are amiable
2. College campus is clean
3. Students should remember their responsibilities

Our teachers are good and they teaching us very well

Learning experience is fine .
Ours Teachers are the best in teaching .
Our Teachers always helps us in any situation. Thankyou

- 1) Classes time- table must be in the mid-day hours so that students coming from far away can reach on time to the college easily.
- 2) the management and system is quiet complex to understand It should be as simple as possible for the students

3) infrastructure is quite old must be renovated by newly painted classrooms, black board, toilets and offices of all the departments

Taking test / Explain the important topics in chapters .

To do the best.

Teach us with new technique.

Just kick the teachers out of the college

We should be provided e- classroom in our room for smart class

1. The teachers of Tinsukia College is good.
2. The learning process of tinsukia College require to some improve.
3. The teacher identify our strengths and encourage you with providing right level of challenges. Teachers are able to identify our weakness and help to overcome them.

No problem

no answer

1. The institution should take the highschool education more seriously.
2. Some teachers should teach HS students more passionately.
3. more emphasis on 1&2

The three observation or suggestions to improve overall teaching and learning experience are: 1. try to reach every student and ask their doubt 2. use better graphics and visual media to engage students well.

Overall all the process are good and effective in our college .I am satisfied with all the effort of teachers and institutions for our studies ..

It's excellent I don't have any questions

Teachers should use ICT tools
Teachers should encourage students to come regularly in the class
Teachers should also conduct classes regularly

Satisfactory

Tnxs

Osm

Explanation with example ,

The college should try to focus on teaching and also try to complete the syllabus on time

We should explain the concepts clearly
We should use more ICT tools for better learning

very good teaching

1. Teachers must discuss the contents well with examples elaborately.
2. Management should be proper which should make it mandatory for the regular students to be regular.
3. Teacher must chance students to make a bond with them.

Smart Education must be introduced

We need to complete our syllabus before exam, we need more attention And good response from our teacher, And overall teaching and learning technique is good.

Sir, please Change the Economics teacher of commerce. H.S-1st year.
Reason- Because his teaching method is not good. We don't understand anything.

Rules are not strict

1. Maintain regular teaching
2. We students need to learn nd do something as teachers are willingly try to make students better.
3. I love to be in BBA nd surrounded by such a wonderful teachers and students

Teach like how we used to be taught in school

1. To get engage with the students .
2. To motivate the students what they really want to pursue in their life.
3. To speak out with a lit more loud voice

Three observations are :

- 1) Use of visual media to engage students well.
- 2) Efforts to reach students to clear their doubts.
- 3) Empower students to be active learners.

They litent and communicate well
They demonstrate confidence
They focus on important stuff

1. Teachers should advice students for their career and academic opportunities.

2. Teachers should try to interact with all the students and clear their doubts.
3. Teachers should conduct group activities such as projects, assignment, outdoor activities, etc.

Great

Come in class to proper time

- 1 interaction with students should increase for who can't grasp the topic easily
- 2 practicals teaching should be done more

As a student we want the teacher to communicate in the language in which most of students wants, they should be more responsible.

1. The girl's bathroom, for example, is dirty and lacking in basic facilities and no hygiene is there. Water purifiers should be installed since one of the water purifiers is dysfunctional. As most of the major SIM carriers do not operate within the campus, students should have access to Wifi or be given a password, as Wifi is a very fundamental necessity in this century for studying, seeking answers, and understanding them. Finally, a key need for a BCA student is that all topics be taught in English, as it is a professional degree.

2. Infrastructure has to be much better because it lags behind other colleges in our town. The classrooms are filthy, with dust on the desks. There is no provision for digital learning using projectors. There is no mentoring available. It does not teach any skills that will prepare us for the world of work.

3. The computer lab is not up to standard; perhaps, it will be replaced with a new one equipped with cutting-edge software.

...

Teacher's in our institution always make their efforts to pull our socks up if we have any uncertainty

well

Teaching method is excellent overall

1. Teacher should encourage students for extra skills for better carrier
2. Teacher should entraprenorship
3. Teacher should focus on more practical skills

- 1)for regular class
- 2) define the chapter
- 3)to take the practical classes

Time management.
Attention to those who pay attention.
Promoting extra curricular activities

I don't know

Make more efficiency in classes not online classes

Very Nice.

Latest technology blackboard

Give answers taught in all language

- 1:- Need some ICT tools.
- 2:- Need some more facilities in sports.
- 3:- Overall the institute is very good in teaching , there is no doubt .

The education system needs a transformation today.
Use better graphics and visual media to engage students well.

1. Course should be completed in time
2. Lab facilities are very good
3. Canteen is a bit expensive

Overall teaching system is very good

Regular full classes

- 1.attendance should be 2.should always be a proper class 3.Sometimes you should also go for a study tour with students.

Should come up with new method of teaching like smart boards.

Teacher's should use PPT while explaining the concept or any topics because visuals learning is more effective.

Arrange personality development sessions for students.

Class time should be changed

Providing more education opportunity

My experience is very good

Try to reach every student and asked gor there doubts

I AGREE

Change Class Timing And Teach In A Proper Way And Clear Our Basic Concepts

1. Must be a tourist sometimes.

Regular classes
Doubt solving sessions
Mocks

- 1.Improvement Of Computer Lab
- 2.Seperate Class Room For BCA Department Like BBA
- 3.Encourage Workshop For BCA Students
- 4.Placement program
- 5.Field Trips And Industry Visit For BCA Students

It's nice

1. Complete the syllabus or at least provide written PDF to students so that they can study by themselves.
2. Make sure that teachers take the classes.
3. Explain the concepts practically or using digital methods like computer or projector.

Teachers should take the class regularly
Test should be taken nicely

Regular full classes

A

Agree

Na

First of all, its very difficult for the English medium student to understand during classes because most probably teachers uses Assamese language in their way of teaching. Secondly, they don't really provide us some kind of notes which would be helpful. Thirdly, we don't get that response to clear our doubts in studies.

1:- Need some ICT tools.

2:- Need some more facilities in sports.

3:- Overall the institute is very good in teaching , there is no doubt .
